INTERNSHIP**

**COURSE STARTS: August 26, 2013  
TUESDAY 9:00AM TO 12:00PM  
STUDENT SERVICES BUILDING ROOM 208**

The objective of the class is to provide an experience for students to further their peer counseling and education skills.

- Students will take on leadership roles in program development and planning; provide workshops and other forms of outreach and prevention education.
- Great opportunity to earn community service learning hours for students interested in graduate training in the helping profession.
- The emphasis of this section is on developing and planning programs on topics related to mental health, and suicide prevention/intervention. Students will obtain a certificate on Mental Health First Aid and learn Suicide Prevention/Intervention First Aid skills.
- Students will collaborate with Counseling and Psychological Services Center and Active Minds, a student organization dedicated to raising awareness about mental health issues on campus.
